

Passione.
Gusto.
Design.

**Serving the best of Italy,
one cup at a time.**

MC-1

Serving
the best
of Italy,
one cup
at a time.

E&P
BIEPI

Since 2003 we have been designing, producing and distributing equipment with a mission to optimise the quality of service in coffeehouses, hotels and restaurants.

Driven by our passion for the world of coffee and hot beverages, we are constantly developing new products, all entirely made in-house at our company headquarters in Italy.

Our flexibility and experience allow us to adapt our machines to all needs, always guaranteeing the desired result.

In line with our commitment to ongoing innovation, we hold numerous patents for innovative systems that improve the functioning of our machines and facilitate the work of baristas, coffee roasters and wholesalers.

All BIEPI products are guaranteed and certified.

**Designed and
constructed in Italy**

MC-1

Designed
to make the
difference.

Accurate and
ergonomic **design.**

ELEGANT SIDE IN BAYDUR

Elegance and sturdiness thanks
to innovative materials.

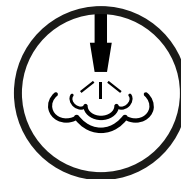

AVAILABLE IN 3 COLOURS

MC-1 is available in 3 beautiful colours:
Polished White, Biepi Red and Anthracite Grey.

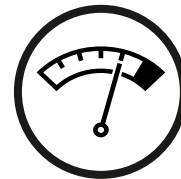

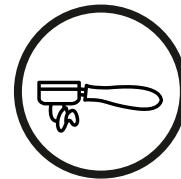

Constructed in **polished stainless steel**

Base, front, control panel, drip tray, group cover, rear panel and cup shelf made of sturdy stainless steel.

Elegant double-scale manometer.

Angled portafilter grips for simpler, more natural use.

Option of raised groups for mugs and tall cups available.

Option of professional E61 brewing groups available.

Wide warming cup tray made of stainless steel.

Attention to details

Simple and intuitive control panel made of resistant and long-lasting materials. The large luminous controls are in harmony with the machine LED lighting.

**START
STOP**

CONTINUOUS

hot water

Led lighting

MC-1 shows its character through this optional: the lighting guarantees maximum visibility of the work area. Easy to turn on and off thanks to a switch on the machine front panel.

Coffee group
heating through
**thermosiphon
system**

Keeping the brewing groups at a constant temperature guarantees perfect coffee extraction.

AUTOMATIC version

Button control panel with 4 programmable doses, Start & Stop button and closed hot water brewing for each group. Pre-infusion setting and unsetting through control panel.
