Description:

[FULL STAINLESS STEEL]- 5L capacity food fitter, 950W in power. The whole machine is of stainless steel construction. Tempered glass cover for clear observation of working status. A rubber lid for adding in water/oil anytime you want.

[FAST CUTTING]- Thickened 420 SUS blades with improved rigidity, producing fine and smooth result. Some examples: 13s for pork, 35s for ginger/garlic, 15s for chili/tomato, 18s for peanut.

[HASSLE-FREE USAGE]- Simple switch, start and stop buttons offer easy operation. For safety concerns, the machine will only work when cover is closed. 2 slots at the bottom of the barrel for firm connection.
